

How It Works

Challenge yourself to read 8 Books in 8 Weeks!

- Choose **8** books from the 16 categories. One book counts for one category. No repeats!
- You may choose any book that fits within the categories, or choose from our lists of recommendations!
- When you have finished a book, record its title and author on this Reading Log or on Beanstack.
- Read your 8 books before the program ends on **March 7, 2022** to complete the challenge.
- Complete 8 books and bring this Reading Log to a Reference Librarian to earn a chance to win a prize!
